

PRESBYTERIAN PASTOR PRAISES PE-RU-NA.

First Presbyterian Church of Greensboro, Ga., and Its Pastor and Elder.
THE day was when men of prominence hesitated to give their testimonials to proprietary medicines for publication. This remains true to-day of most proprietary medicines. But Peruna has become so justly famous, its merits are known to so many people of high and low stations, that no one hesitates to see his name in print recommending Peruna.

The highest men in our nation have given Peruna a strong endorsement. Men representing all classes and stations are equally represented.

A dignified representative of the Presbyterian church in the person of Rev. E. G. Smith does not hesitate to state publicly that he has used Peruna in his family and found it cured when other remedies failed. In this statement the Rev. Smith is supported by an elder in his church.

Rev. E. G. Smith, pastor of the Presbyterian church of Greensboro, Ga., writes: "Having used Peruna in my family for some time it gives me pleasure to testify to its true worth."

"My little boy seven years of age had been suffering for some time with catarrh of the lower bowels. Other remedies had failed, but after taking two bottles of Peruna the trouble almost entirely disappeared. For this special malady I consider it well nigh a specific."

"As a tonic for weak and worn out people it has few or no equals."—**Rev. E. G. Smith.**

Mr. M. J. Rossman, a prominent merchant of Greensboro, Ga., and an elder in the Presbyterian church of that place, has used Peruna, and in a recent letter to The Peruna Medicine Co., of Columbus, Ohio, writes as follows:

"For a long time I was troubled with catarrh of the kidneys and tried many remedies, all of which gave me no relief. Peruna was recommended to me by several friends, and after using a few bottles I am pleased to say that the long looked for relief was found and I am now enjoying better health than I have for years, and can heartily recommend Peruna to all similarly afflicted. It is certainly a grand medicine."—**M. J. Rossman.**

Catarrh is essentially the same wherever located. Peruna cures catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

EXAMPLE OF GERMAN THRIFT.

Stones on the Roadway Made of Value to Property.

Germans find that it pays to encourage peasants to free their fields of stones; the property rises in value—taxing value. The stones thrown into heaps by the roadside are purchased by the district road repairing commission. Poor men, who otherwise would have to be supported by the almshouses, are hired to break the stones, and then are trained to the work of repairing the roadbed. The money to pay the men is made by auctioning off to the highest bidder the crop from fruit trees that were planted on both sides of the highway when it was built, and which are nourished well by the manure that falls along the road and is pushed at intervals by a road tender upon their roots. The purchaser of the crop sees to it that his fruit is not stolen. The road commissioners have no bother about that. And, although the sale is by auction, it brings considerable. Every burglar knows how much because the sales of highway fruit crops are published in the local newspapers.

Seventy-eight profit sharing schemes, affecting 53,326 workpeople, were in operation last year in this country.

Instant Relief from Rheumatism and Neuralgia.

Here is a case: Mr. T. Shepherd of Whitburn, Sunderland, Ohio, says: "My wife suffered severely from rheumatism, and neuralgia. She could not get one moment's rest and was nearly crazed with pain. Obtained instant relief and a permanent cure by using the contents of one bottle of St. Jacobs Oil. There is no other remedy in the world that will do this. The instantaneous effect which St. Jacobs Oil produces is a part of its half a century record." St. Jacobs Oil is sold in 25 cts. and 50 cts. sizes by all druggists. The words "Acts like Magic," "Conquers Pain," which have been used in connection with St. Jacobs Oil for more than 50 years are wonderfully and truly descriptive.

Advance in Formosa.
People of Formosa, who have been wearing the pigtail for 300 years, are beginning to cut their hair. This shows that the island is becoming more Japanese in its ways, as it has become Japanese in its government. It means the final abandonment of the outlaw wife. The change has been brought about since the extensive and successful operations against the rebels last April.

Craze of Opium Smoking.
Opium smoking is increasing in Eastern Siberia and causing the authorities much anxiety, owing to the frequent deaths therefrom. The police recently discovered 32 opium dens in Vladivostok, 18 in Nilsok, 13 in Novitsk, and 4 in Irkutsk. There are twice as many undiscovered dens. The craze has not touched the working classes as yet, but seems to be confined to the officials and their wives.

An Eye For Europe.
A story is told of a colored butler in one of New York's most fashionable suburbs, who, being given one hundred or more invitations to a social function for delivery, could not resist the temptation to slip into each a message circular of his wife who was seeking patients. The surprise and consternation of the invited guests at receiving the two documents may easily be imagined.

RECORD OF THE PAST.

The best guarantee of the future is the record of the past, and over fifty thousand people have publicly testified that Doan's Kidney Pills have cured them of numerous kidney ills, from common backache to dangerous diabetes, and all the attendant annoyances and sufferings from urinary disorders. They have been cured to stay cured. Here is one case:

Samuel J. Taylor, retired carpenter, residing at 312 South Third St., Goshen, Ind., says: "On the 25th day of August, 1897, I made an affidavit before Jacob C. Mann, notary public, stating my experience with Doan's Kidney Pills. I had suffered for thirty years, and was compelled at times to walk by the aid of crutches, frequently passed gravel and suffered excruciatingly. I took every medicine on the market that I heard about and some gave me temporary relief. I began taking Doan's Kidney Pills and the results I gave to the public in the statement above referred to. At this time, on the 19th day of July, 1902, I make this further statement that during the five years which have elapsed I have had no occasion to use either Doan's Kidney Pills or any other medicine for my kidneys. The cure effected was a permanent one."

A FREE TRIAL of this great kidney medicine which cured Mr. Taylor, will be mailed on application, to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists. Price 50 cents per box.
